

NOTICE OF A PROPOSED CHANGE TO A RENEWABLE ENERGY PROJECT

By Nanticoke Solar LP for the Nanticoke Solar Project

Project Name: Nanticoke Solar Project
MOECC Reference Number: 1342-AKAJZA

Project Location: The Project involves the design, construction and operation of approximately 44 MW Solar Electricity Project in Haldimand County. The site is located south of Rainham Road, east of Nanticoke Road and bounded to the south by Lake Erie. Dated at Haldimand County this November 30, 2017.

Nanticoke Solar LP is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval (REA) is required. The distribution of this notice as well as the project itself is subject to the provisions of the Environmental Protection Act (ACT) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice must be distributed in accordance with section 16.0.1 of the Regulation. This notice is being distributed to make the public aware of a proposed change to the project.

Project Description and Proposed Change: Pursuant to the Act and Regulation, the facility, in respect of which this project was originally proposed to be engaged in, consisted of a Class 3 alternating current (MWAC) solar electricity generation facility.

A change is being proposed to the project. The change consists of a slight change in the Site Location Plan as a result of optimizing the layout of the project on the subject lands. There will be no alteration to the project boundaries or environmental buffer areas (i.e., significant woodlot, wetland, and watercourses). The most significant change that has resulted from optimizing the project layout is that the northeastern parcel of lands, north of the large environmental buffer area, will not be required for the project. Optimizing the layout has also resulted in a slightly altered interior road network.

If approved, this facility would have an approximate name plate capacity of 44 MW. The project location, taking the proposed change into account, is described in the map on the right.

Nanticoke Solar has been required to update the Acoustic Assessment Report and to draft a project Modifications Report, which are required to form part of the application. Written copies of these two (2) draft supporting documents will be made available for public inspection on November 30, 2017 at the following locations:

Haldimand County Municipal Offices,
Cayuga Administration Building
45 Munsee St. North, Cayuga, ON
Monday to Friday
8:30 a.m. to 4:30 p.m.
905-318-5932

Selkirk Public Library
34 Main St., Selkirk, ON
Monday: 1 p.m. to 5 p.m.
Tuesday: 10 a.m. to 8 p.m.
Thursday: 3 p.m. to 8 p.m.
Saturday: 10 a.m. to 4 p.m.
289-674-0400

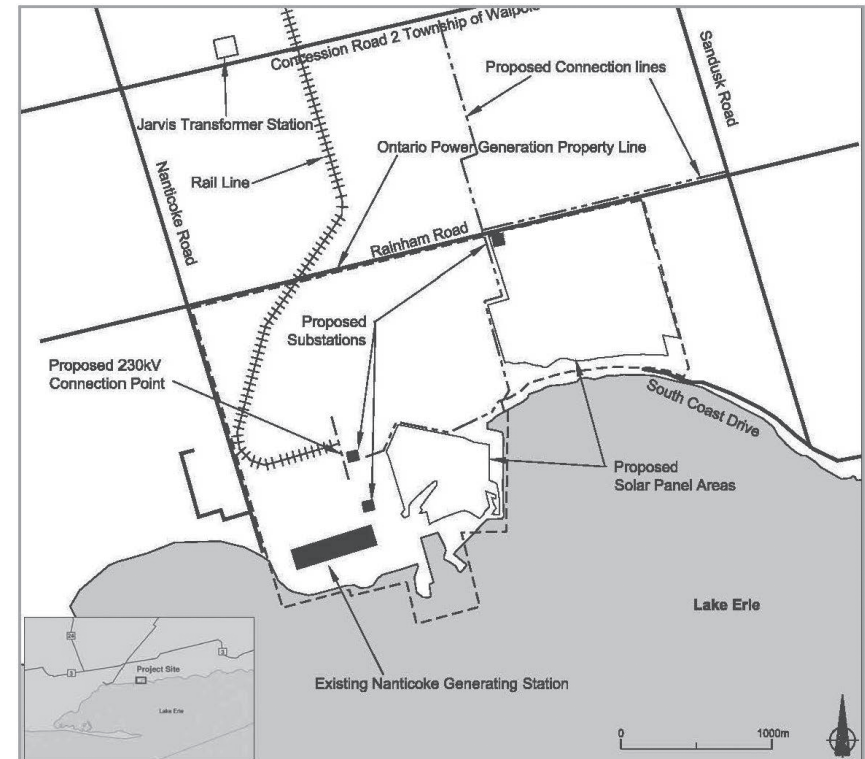

Electronic copies will be posted on the proponent's website: nanticoquesolar.com.
Written copies of the Draft Project Description Report and supporting documents were last made available for public inspection on July 20, 2017 on the proponent's website and the Province of Ontario Registry (Environmental Bill of Rights Posting # 013-1104).

Project Contacts and Information: To learn more about the Project, or to communicate questions, comments, and/or concerns, please contact:

Ginny Ly, Project Manager
800 Kipling Avenue, Toronto, ON M8Z 5G5
Telephone: 416-231-4111, ext. 4138

Gillian MacLeod, Senior Environmental Advisor
700 University Avenue, Toronto, ON M5G 1X6
Telephone: 416-592-3481 Fax: 416-592-3489

Project Email: info@nanticoquesolar.com
Project Website: nanticoquesolar.com

The proposed site for the project is located on lands within Haldimand County.
